Battalion Mission Statement

The mission of the 232nd Med Bn is to Train and Graduate highly motivated, disciplined, physically fit, technically and tactically competent Soldier Medics with a Warrior Spirit that live by Army Values and readily display the Soldier's Creed in all that they do.

The battalion must produce soldiers that are able to rapidly contribute to their unit mission and serve as integral members of the war fighting team by focusing on far-forward emergency care, evacuation, force health protection, and primary care.
